

## MHFA England Instructor Training programme: 2022 schedule

This list includes all Instructor Training and extension programmes currently scheduled for 2022 onwards.

Extensions/conversions are only available to approved MHFA England Instructor Members who are interested in upskilling into a different product, or those who originally trained in another country and would now like to deliver in England.

All dates are subject to availability. If the code (e.g A2-22) of the programme you are interested in is not listed on the apply page when you begin your application, the dates are fully booked. Please choose a different programme or contact the Training Delivery team to re-join our waiting list for future date releases.

Code	Programme type	Location	Start date	Dates
