VISION, VOICE AND PRACTICE

Empower your Mental Health First Aiders (MHFAiders®) with a qualification

Over 20,000 employers have trusted us to provide expert consultancy and quality mental health training.

As a training provider bringing over 15 years of evidence-based expertise, we're proud to offer a new marker of excellence.

Mental Health First Aid (MHFA) England has partnered with Royal Society for Public Health (RSPH) to create an internationally recognised Ofqual MHFAider® Qualification, RSPH Level 3 Award in Mental Health First Aid. We believe that mental health is a public issue and by partnering with RSPH, we can improve the health of the nation.

Elevating your MHFAiders® with a qualification:

- Gives you peace of mind that your MHFAiders® have demonstrated the knowledge to carry out their roles effectively
- Supports life-long learning, offering your people the chance to test their knowledge and develop themselves further

- Helps you to stand out as an employer of choice, demonstrating your commitment to workplace wellbeing by investing in this market leading and internationally recognised qualification

How to become a qualified MHFAider®

Mental Health First Aider®

MHFA England

From 7 February 2023, access to the MHFAider® Qualification will be available to all those who have completed our new MHFA course and those who have completed the MHFA Refresher.

All MHFAiders® who successfully complete the online eAssessment with a pass grade will be awarded the MHFAider® Qualification.
